Umbria - based in one hotel

ITALY'S MOST BREATHTAKING LANDSCAPE.

The new cycle tour in the Eurobike programme takes you to Umbria, almost directly in the middle of the famous boot. This seven-day cycle tour is intended for tourists who want to experience the quiet, idyllic face of Italy. Every stage of the tour leads through lush olive groves, or past beautiful expanses of water such as the Tiber River or Lake Trasimeno. Of course, you will also pass through typically Italian medieval towns, with the well-known names of Assisi, Todi or Bettona. You will return 'home' every night – to the four-star Residenza d'Epoca alla Posta dei Donini.

Receival of the travel documents and rental bikes by one of the hotel's employees.

DAY
2

Assisi | approx. 50 km

The river Tiber is not many kilometers away. You cycle along the river valley past the shimmering sunflowers and wheat fields. From afar you will then see the dome of Santa Maria degli Angeli, which is a pilgrimage church. It is well worth taking a break here especially if you haven't already. There is a short ascent up to Assisi after the church. The town of Saint Francis lies impressively on the edge of Mount Subasio. Finally, you cycle back down into the Tiber valley back to your luxury accommodation

DAY
3

Todi | approx. 50 km + transfer

The typical, Umbrian landscape accompanies you today on your bike tour to Todi. Between the olive groves you keep on getting magnificent views across the Tiber valley. In the spring, the gorse shines vibrant yellow and in summer it is the turn of the sunflowers. In the distance you can see where you are headed for, Todi. DAY

Montefalco | approx. 40 km + transfer

You also immerse yourself into Bevagna and its ancient history. To top the day off you will visit Montefalco, which is a medieval town surrounded by a wall and that has breathtaking views at the ready for you across the valley. All of these amazing towns that you cycle through today meant that we almost forgot to mention that today's cycle route itself is magnificent... In the evening you return to the hotel by bus transfer.

DAY
5*Trip to Umbrias wine*

approx. 40 km

Some might say that Umbria comes across in a cliché way in today's stage. You cycle through golden wheat fields that are only interrupted by lush green vineyards and silver shimmering olive groves. The route gently undulates as you head from village to village. at the well-known *Chiorri* vineyard there is a wine tasting session waiting for you. But not just fine wine, you will also enjoy a traditional lunch on the terrace with a beautiful view all around you. Afterwards you have only got to cycle a few kilometers to return to your hotel.

DAY
6*Lake Trasimeno*

approx. 60 km

Today you pedal through olive groves and small Umbrian villages until you get to Lake Trasimeno. It will glisten in front of your eyes and will entice you in for a swim. Enjoy the extensive views of the surrounding area once again with the shining sunflower fields and the lush green vineyards. Take a break in one of the traditional Trattorias that you pass on your way and enjoy the Italian hospitality whilst drinking a good glass of Umbrian Grechetto.

DAY
7*Departure or extension*

Characteristics of the route

On the stages to Lake Trasimeno and to Todi there are several longer ascents. All of the other day rides are predominantly flat or only have very small ascents. You cycle on wonderful, quiet side roads. Occasionally you cycle on good quality tracks. You only have to cycle on slightly busier roads on short connecting sections.
