Salzkammergut-Tour

A SUMMER HOLIDAY FULL OF NATURE AND HISTORY.

Even Emperor Franz and Empress Sissi knew how to appreciate the Salzkammergut and all its charms, as they regularly "holidayed" at their summer residence in Bad Ischl. Follow in their footsteps - albeit on a bicycle - and immerse yourself in this very special world with glittering lakes, excellent cuisine, dreamlike panoramas and delightful villages.

Details of the 8-day cycling tour with Eurobike

Wolfgangsee, Mondsee, Attersee, Traunsee, Hallstätter See - you can't get enough of cool water? Then you've definitely come to the right place, because one dreamy lake after another awaits you. Head from St. Gilgen to the Zwölferhorn or explore the former film set of Orth Castle in Gmunden.

On day 5, you will travel via Bad Aussee to the Ausseer Land region, where magnificent panoramas once again meet idyllic lakes. Have you always wanted traditional Austrian clothing? Then Bad Aussee is the place to be, because here you can find everything to do with historical clothing. Other gems of the region await you, e.g. Hallstatt and Bad Ischl, before you head back along the Ischler Ache river.

Highlights of the cycling tour through the Salzkammergut

- **Magnificent panorama from the Schafberg at Lake Wolfgang:** The easiest way to reach the summit is to take the Schafberg cable car. At 1,782 metres above sea level, magnificent views open up. Of course, you can hike up as well, but you should pace yourself for the next few days of the tour.
- **The fabulous Toplitzsee** appears black and opaque even in the best weather. But it captivates with its extraordinary beauty. Incidentally, it has its very own animal that lives at a depth of around 60 metres - a worm! A treasure of gold is also said to be at the bottom.
- **The World Heritage Region of Hallstatt:** The village, nestled tightly between lake and mountain, is probably one of the most extraordinary places in the world. There's a reason why there's a copy of

Hallstatt - in China.

- **The imperial town of Bad Ischl:** Live like an emperor or empress here! Nibble on the delicacies of the local pastry shops, follow in Sissi's footsteps in the spa gardens and enjoy the liveliness of the small imperial town.

Things to know about the tour

The tour features a fine mix of flat sections on the lakeshores with occasional climbs and hilly terrain between the lakes. Always allow time for a break to soak up the magnificent mountain panoramas.

Tour character

The terrain along the banks of the lakes is completely flat. There are a few hills interspersed. Most of the tour is spent on cycle paths and on sideroads with little traffic cycling from one lake to the next. Cycling on fairly busy roads is unfortunately unavoidable for a few short sections of the tour.
