You’ll cycle past the windmills in Särödal, through exciting nature reserves but always clinging to the coast. You ride along the coast through the quaint little fishing villages and small boat marinas of Domsten and Viken. DAY  
3

## *Ängelholm – Halmstad* | approx. 70-95 km

From Ängelholm you follow the coast to Vejbystrand. You cycle through open meadows and through several small coastal communities. In Magnarps Port you can make a stop for a wellhidden, lovely fish restaurant with a stunning view of the sea. In Ängelbäcksstrand you turn away from the coast to cycle across the peninsula. At first, it is a slight climb, but it gradually becomes steeper at times. You ride into Sinarps Valley and the Bjäre Peninsula, a small-scale agricultural landscape typical for the region, and come down to the beautiful summer town of Båstad. Now the journey continues along one of Sweden's longest sandy beaches and the resorts of Skummeslövsstrand and Mellbystrand and on through the nature reserves Tönnrersa and Gullbranna before you arrive into Halmstad where you will get to rest your tired legs for the night.

---

DAY  
4*Halmstad – Falkenberg* | approx. 60 km

The cycling continues from Halmstad towards Sweden's most famous beach Tylösand and the beautiful Hotel Tylösand. Both the beach and the hotel are worth a visit. The trip continues north along the coast, but enjoy a break at the windmill in Särda, where there is a café and farm shop. In Steninge there is a glasswork to visit as well as a big variation of cuisine and drinks. The sea, open countryside, exciting nature reserves and lush farmland lay along the following stretch. You pass Ugglarp, a small coastal community with famous vegetable gardens and a nice seaside resort. The cycling carries you over the beautiful Grimsholmen before you reach Falkenberg and Skrea Beach where you stay overnight.

---

DAY  
5*Falkenberg – Varberg* | approx. 40 km

You continue through Falkenberg City, which is one of the oldest medieval towns in the region of Halland, and along the sea through open landscapes. On the way, there is several picturesque fishing villages like Glommen and Träslövsläge, home to many artists and artisans. In Träslövsläge you can feast on freshly cooked lobsters and stroll through the older parts of the city to find cozy, old wooden houses preserved in the alleys. As you approach Varberg you cycle on the boardwalk as Varberg Castle towers over you. If you are early, there is perhaps time to see "Bocksten Man" inside the fortress, a cadaver preserved at the bottom of a bog from medieval times. Spend the night in Varberg.

---

DAY  
6*Varberg – Kungsbacka* | approx. 60-70 km

North of Varberg the landscape changes – the sandy beaches are fewer and smaller, while rocky coastline begins to dominate and the first islands begin to appear in the sea. You pass small villages like Tångaberg, Frillesås and Åsa. With Fjärås Bräcka behind you, ride along the fields and horse farms before reaching Kungsbacka, a cosy little city with an old quarter full of wooden buildings and a traditional old trading place. In Kungsbacka you'll also find a warm bed for the night.

---

DAY  
7*Kungsbacka – Gothenburg*

approx. 40-65 km

From Kungsbacka you cycle westwards towards the sea again, passing Vallda and approaching Särö, the former playground of the ancient royal family and Gothenburg high society. After Särö you will soon reach the old railway, now converted into a bike path, and between Askim and Billdal you bike along just near the sea. Cliffs, lush forests, bays and marinas line your path. You also ride past the scenic Stora Amundö Island. Nearing central Gothenburg you pass Nya Varvet (“the new shipyard”) and the postmodern harbour district of Röda Sten, home to Klippan Culture Reserve and Röda Sten Art Hall. Follow the harbour to enter Sweden’s second largest city where you will spend the night.
