Ten Lakes & Sound of Music

IN THE FOOTSTEPS OF EMPRESS SISSI & CO.

Culture, history and unique landscapes between lakes and mountains – the Salzkammergut is a region in Austria that should not be missed. The area, rich in lakes, can be explored wonderfully by bike, as you can enjoy the magnificent panoramas to the full, get from lake to lake in no time and see many attractions along the route.

Details about the Ten Lakes & Sound of Music tour

At the starting point of the 7-day Ten Lakes Tour you can choose between Salzburg and the Trumer Lakes (in the latter, the stage destinations shift accordingly). The festival city is known as the 'Rome of the north' and rightly so: the magnificent houses of worship, splendid architecture and cultural diversity make Salzburg a world-renowned city.

It seems like Christmas is on the way in the Trumer Lake district! But don't worry, it's not because of the weather but because of the music! One of the most famous Christmas carols was sung here for the first time in 1818 in the St. Nikola Church in Oberndorf. 'Silent night, holy night'. The other stage destinations including the Attersee, Traunsee and Wolfgangsee are all about the cool water and beauty of the landscape on the way there.

The highlights of the Ten Lakes & Sound of Music tour

- **The Getreidegasse in Salzburg** is the heart of the city. Here you can stroll through national and international shops and enjoy traditional cuisine in the inns. There is of course pure culture around the birthplace of the musical prodigy Wolfgang Amadeus Mozart.
- **The turquoise green Attersee:** Admittedly, we cannot deliver the Caribbean to you on this tour. But the Attersee comes pretty close in some parts. At Nussdorf, for example, you can explore an underwater world of the lake with plexiglass kayaks.
- **The World Heritage Site of Hallstatt** has been copied by Chinese architects, but of course it doesn't stand up to the original. The unique location on the lake of the same name makes the village a very special destination, the picturesque panoramas do the rest.

- **The panorama from Schafberg am Wolfgangsee:** Those who take the path to the Schafberg (whether on foot or the famous railway) and are lucky enough to have a clear sky can enjoy a special 360-degree panorama. Review your tour from a lofty height with a view of the lakes of the Salzkammergut and Alpine foothills.
