Danube Cycle Path - comfortable

A LEISURELY BIKE RIDE TO VIENNA.

Relaxed cycling on the classic tour: discover the Danube Cycle Path with all your senses on our 10-day leisure tour. On the section between Passau (or Schärding) and Vienna, numerous highlights await you on Europe's second longest river. Whether it's the charms of the three-river city of Passau, the exceptional climate in the Wachau or the atmosphere in Vienna, which is one of the most liveable cities in the world - this trip may be relaxed, but it's guaranteed not to be boring!

Details of the cycling tour with Eurobike

As starting points you can choose between the city jewels of Passau and Schärding on this tour - spoilt for choice! The baroque town in the Austrian Innviertel impresses with tradition and innovation, while Passau, the "Bavarian Venice", entices with its Mediterranean atmosphere. After a stop in Linz, the Austrian Capital of Culture 2009, Enns, the oldest town in Austria, awaits your visit.

Let your gaze wander into the distance from the Maria Taferl Basilica before a very special region warmly welcomes you: the Wachau! Here you have plenty of time to explore the small towns, taste a glass of wine or two and treat yourself to a hearty 'Heurigenjause' (cold plates traditionally served by wine producers). While Tulln is the last stopover with lots of nature and greenery, things get lively in Vienna. Enjoy a piece of Sachertorte (or any other sweet treat) in Austria's capital while you already dream of your next cycle tour!

Highlights of the leisure cycle tour on the Danube

- **The colourful market square in Schärding:** Red, green, blue - it's colourful on Silberzeile! But where does it come from? From the Middle Ages, where every trade and merchant was assigned a building colour. Nowadays it's not only a great place to stroll, the numerous cafés and restaurants are also worth a visit.
- **The natural spectacle Schlögener Schlinge:** What the earth is capable of is impressively demonstrated by this piece of nature. Because the Danube could not "flow on" due to the large

granite deposits, the river turns a 180-degree loop at this point. Tip: Take some time to hike to the viewpoint.

- **Juicy apricots in the Wachau World Heritage Site:** As far as the eye can see (well almost!), the little orange fruit that is the centre of so much in the Wachau is thriving. Would you have known? When the last frost in spring threatens to destroy the harvest, the fruit growers sometimes come out with smokers.
- **The Vienna Giant Ferris Wheel:** Hardly any other landmark is as symbolic for a city as the traditional red Ferris Wheel is for Vienna. But of course there is much more to discover!
